Honors Core Courses (HNPG-designated) Spring 2019

HNPG 151 should be taken by all 3rd year students (and select 2nd year students, depending on your capstone progress and expected capstone submission date. See your University Honors Counselor for information if you are eligible). While it is advised that students enroll in the section of HNPG151 that aligns with their capstone, if they are unable to, they can also enroll in any other section (with the exception of the BCOE section) and still get the same core information they need to proceed with their capstone.
